

STRATOS A-1

Electro-Mechanical Surgical Operating Table

Surgical table **STRATOS A-1**, multifunctional electro-mechanical operating table with 7 electric functions, electric brake, electric longitudinal slide, electric kidney bridge, electric height adjustment, electric trendelenburg, electric tilt, electric back plate adjustment.

This surgical table can be used for different surgery, eg. urinary surgery, thoracic surgery, kidney surgery, orthopaedics, microsurgical operations, neurosurgery, ophthalmology and otorhinolaryngology, facial/plastic surgery, ENT surgery and other surgeries where C-arm or X-ray machine are necessary.

Advantages:

- Five section operating table, two leg sections,
- Tabletop equipped with radiolucent material (High Pressure Laminate),
- Double control system: column panel and wire hand controller
- One key reset - zero position,
- Head and leg plate interchangeable,
- 304 stainless steel table frame, base and column covers,
- "T" shaped base more stable, convenient for doctor,
- Mattress: foam 70mm thickness, X-ray translucent, washable and antistatic,
- Battery back-up: at least 30 mins when AC power off,
- Position memory: 3 sets, can be saved and deleted,
- C-arm & X-ray compatible, built-in cassette holder under back plate,
- Compatible with orthopaedic traction frame,
- Use with the electrical system 220-240V, 50/60 Hz,

STRATOS A-1	Parameter	Remarks
Height (mm)	700-1000	electric
Tabletop length (mm)	2050	/
Tabletop width (mm)	520	including side rail 560
Longitudinal slide (mm)	310	electric
buit-in kidney bridge (mm)	0-125	electric
Trendelenburg & Reverse Trendelenburg (°)	30/30	electric
Left/Right Tilt (°)	30/30	electric
Back Plate/back rest (Up/Down) (°)	80 / 30	electric
Leg Plate adjustment (Up/Down) (°)	46 / 90	manual - pneumatic
Leg Plate outreach adjustment (left/right) (°)	90	detachable
Max load capacity (static)	250kg	

The data in the table above is subject to change and may differ from the physical parameters of individual items by +/- 5%

Standard accessories

Mattress	1 set
Hand controller	1 piece
Lateral support	2 pieces
Shoulder support	2 pieces
Arm rest with clamp	2 pieces
Knee crutches (Goepel)	2 pieces
Anesthesia screen frame	1 piece
Radial Clamp	2 pieces
Side rail clamp	3 pieces
Large width body strap	1 piece
Adjustable bottle holder rod	1 piece
